SECUTIX STORY

SecuTix helps sport, culture and leisure organisations boost ticket sales and enhance audiences' experience before, during and after live events. Our product, SecuTix 360°, is a cloud-based platform that combines ticketing and marketing functionality, and is offered as a white label SaaS service. Used by the largest sport clubs and stadiums, live entertainment businesses, and leading museums and cities across Europe, SecuTix manages the yearly sales of over 30 million tickets.
